

Dear brights zoo,

May 4, 2011
Mrs. Bowers
Student

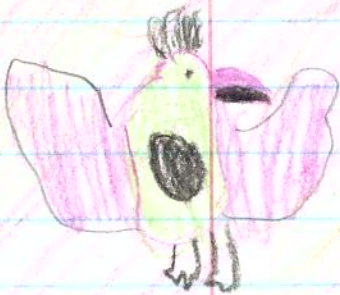

Thank you for letting us come
it was so nice of you to do
that!

My faveret part was when we
put vector in a cup and let
the birds come and eat it!

I learned a lot about all the animals
eseshirly the searvals, the searvals are
what i learned a lot about.

I Loved it so much!

Sincerely,

Sanah Jackson
